

# SALS 2015

Southern Appalachian Labor School  
Special Appreciation Rates

## How will you PLAY WILD this summer?

### Exciting Rapids

America's Best Whitewater is right in our backyard. Our most popular trip, the high-adventure Lower New River is adrenaline-filled and relaxing at the same time. You'll enjoy over 20 fun-filled rapids on this spectacular trip.

### Daring Heights

You can tackle the new ropes course at Adventures on the Gorge, called TimberTrek. This system of challenging obstacles, bridges, swings and zip lines between tree platforms is the cutting edge of aerial adventure! Over two miles of steel cable and countless boardfeet of lumber compose 5 courses of varying difficulty levels from tame to insane.

**ADVENTURES**  
ON THE GORGE™

The staff and members of Southern Appalachian Labor School (SALS) strongly support patronizing Adventures on the Gorge for your New River rafting trips. In addition to being a long time respectable group of outfitters, AOTG's Class VI-Mountain River will in turn, sponsor a trip for the members of the SALS community.
